# Understanding your policy

We have designed our policy to help you to understand the cover provided. You will find these headings on many of the s.

<b>What is covered</b>	<b>What is not covered</b>
<b>These sections are printed in black on a white background and give detailed information on the insurance provided.</b>	These sections are printed on a pale grey background and draw your attention to what is not covered by your policy.

# How to make a claim

## You need to:

1. Check that the cause of the loss or damage is covered. The schedule contains details of what you are covered for and the policy booklet shows what is covered under each section. Please see page 8 for how we settle claims.
2. Follow the conditions on pages 15-18 of this policy booklet.
3. Advise the company by calling 1850 63 53 43 immediately.
4. Obtain estimates as soon as possible for repairing the damage. Any temporary repairs necessary to make your private residence weatherproof (if for example the roof has been damaged) can be started immediately, but please keep the receipts/invoices as the cost may well form part of your claim. However we should be given an opportunity to inspect the damage before permanent repairs are started.
5. If someone is holding you responsible for damage to their property or for bodily injury to them, it is critical that you:
  - a) Call us immediately on 1850 63 53 43 and provide full details in writing as soon as possible.
  - b) Send us any writ or summons or other legal documents served on you or any member of your family as soon as they arrive.

We will, where necessary, arrange for someone to call as soon as possible. This person will be one of our own claims staff or an independent chartered loss adjuster who we appoint to discuss your claim. With any other claims, we'll let you know what you need to tell us, but inform us immediately.

# How we settle claims

You must tell us if the buildings and contents sums insured are not high enough. If not, you may find that you do not have enough cover and we will not pay the full value of your claim.

We will decide how to settle your claim. We will normally arrange for one of our suppliers to repair, reinstate or replace the lost or damaged property. In some instances, we may decide to pay a cash amount for the loss or damage. We will not pay more than our suppliers would have charged. We will deduct the appropriate excess from all claims payments we make.

## Claims Retention

Where we agree to pay your claim and the settlement amount is in excess of €2,000 we reserve the right to withhold up to a maximum of 25% of the final payment until the re-instatement works are completed and validated through the submission of a final invoice and (where necessary) a final inspection of the works is completed by AXA.

Where the retention amount remains unclaimed after a period of 4 months from the date of the settlement we undertake to write to remind you of the unclaimed retention and AXA's requirements to release this payment. If we do not hear back from you within 10 working days we will issue a final reminder to you. Where

we do not receive a response to our final reminder within 10 working days, AXA will close the claim file.

## Matching sets and suites

We treat one item of a matching set of items or suite of furniture or sanitaryware or other bathroom fittings as a single item. We will pay you for individual damaged items but not for the other undamaged pieces.

However, we will pay for replacing undamaged parts of a bathroom suite if we cannot find replacements to the damaged parts.

## Will we take off an amount for wear and tear?

### Buildings

If we carry out a repair or reinstatement, we will not take off an amount for wear and tear as long as the sum insured represents the full reinstatement value of the building and you have kept the building in good condition.

The full reinstatement value is not necessarily the value you would get if you sold the property (market value).

### Contents

We will take off an amount for:

- clothes, furs, household linen;
- TV sets, DVD players, camcorders, videos, record players, compact disc players, ipods, video recorders, home computers, laptop computers, game consoles and similar equipment including CDs, tapes, records and software over one year old; or
- carpets over five years old.

We will not take off an amount for wear and tear for all your other contents as long as the sum insured represents their full value as new at the time of loss and you have kept them in good condition.

## Other insurance policies

If any injury, loss or damage is covered by any other insurance, we will not pay more than our share.

# No-claims discount

For the purpose of working out the no-claims discount, a period of insurance is one continuous year between the beginning of the policy and the renewal date shown in your schedule between consecutive renewal dates.

If you have consecutive periods of insurance with us without an incident giving rise to a claim your premium at the following renewal will be reduced in line with our discount scale that applies at the renewal date. We will give you details if you need them.

If during a period of insurance incidents happen giving rise to claims under the policy the no-claims discount will be reduced to 0%.

In circumstances where we may agree to the transfer of interest on a policy it is important to note that any no-claims discount earned will not be transferred.

We may change these scales at any renewal date.

# Inflation protection

## Buildings

To help protect you against inflation, we will adjust the sum insured under the buildings section each month, in line with an appropriate index\* we have chosen, and each year when you renew the policy we will increase the sum insured in line with that index.

\*Society of Chartered Surveyors, CSO, Dept of Environment.

## Contents

To help protect you against inflation, we will amend the sum insured under the contents section each month, in line with an appropriate index we have chosen, and each year when you renew the policy, we will increase the sum insured in line with that index.

\*Consumer Price Index.

### **The following applies to buildings, contents and personal possessions.**

- If an index falls, we will keep the sums insured and monetary limits at the same level.

- We do not charge for this inflation protection at the time of the monthly increase but when you next renew your policy we will adjust your sums insured as a result.
- Inflation protection will not apply to the monetary limits.
- During the period of repair, after we carry out a repair or replacement for loss or damage to the building, we will continue to protect the sum insured against inflation as long as:
- During the period of repair, after we carry out a repair or replacement for loss or damage to the building, we will continue to protect the sum insured against inflation as long as:
  - a you take reasonable steps to make sure that the repair or replacement is carried out immediately; and
  - b the sum insured at the time of the loss or damage represents the full value.

Although you have the benefits of inflation protection, you should not rely on this alone to keep the building sum insured at the correct level. The replacement cost of your building or contents may be growing faster than inflation – perhaps because of a new extension or new items you have bought. It is a policy condition to insure for the correct amount – see page 17.

# Are you covered?

Are you adequately covered for all the possible risks you face? Check your schedule for cover in these areas:

- Adequate buildings sum insured
- Accidental damage cover on contents

If you are in any doubt, or wish to arrange further cover, call the AIB Smart Home Insurance helpline on **1850 27 26 25**.

## Conditions which apply to the whole policy

### 10 Stamp duty

We have paid or will pay stamp duty to the Revenue Commissioners in line with the conditions of section 113 of the Finance Act, 1990.

### 11 The value of your buildings

You must, at all times, keep the sum insured at a level which represents the full value of the insured building. This means the estimated cost of rebuilding if the building was totally destroyed. This is not necessarily the market value of the building.

### 12 Premium adjustments

If a change to your policy results in an extra premium of less than €15, we will not charge you. If a change to your policy results in a refund of premium of less than €15, we will not refund the amount.

### 13 Mains services and heating

You must turn off the mains water whenever your holiday home is unoccupied and you must appoint a responsible person to check the property regularly.

If the building is unoccupied between the months of October to March, you must make sure;

- the gas and/or electricity are turned off at the mains and all electrical appliances are unplugged/disconnected from the

supply other than those needed to maintain the central heating and alarm systems.

- the water systems are turned off at the mains and water and heating systems drained.

You will not have to drain the water and heating system if;

- your holiday home has a gas or oil fired central heating system set to operate continuously for 24 hours of each day ( not controlled by a timing device).
- there is an adequate fuel supply to ensure you can comply with this requirement.
- the thermostat fitted to the central heating system is set to a minimum temperature of 55 degrees Fahrenheit (13 degrees Centigrade)
- the loft hatch, where fitted is left open.

It is not designed to replace your buildings and contents insurance and will not provide assistance for normal day to day home maintenance.

This policy provides assistance in the event of the emergencies outlined in the table below.

Please call us as soon as you are aware of the emergency.

### Important information

This document sets out the terms and conditions of your cover and it is important that you read it carefully.

If we make any changes to your policy cover limit, these will be confirmed to you separately in writing.

Each section of this document explains what is and is not covered. There are also general exclusions that apply to all sections of the cover, and there are general conditions that you must follow for the policy to cover your claim.

## How to make a claim.

Please call us as soon as you are aware of the emergency.

You may not claim under a new policy for the first 14 days unless you are renewing an existing policy.

Are you having one of the following emergencies?

- Plumbing and Drainage.
- Failure of internal electrics.
- Security (i.e. glazing & locks).
- Pests.
- Gas supply pipe.
- Boiler & Heating
- Roofing

If so, to obtain assistance, contact the 24 hour Emergency Helpline on: 1890 253 347

Please have as much information as possible to hand including your policy number, to enable us to assist you as quickly as possible.

## What will happen next:

- If you suffer an emergency at your home, you should tell us on the emergency telephone number. We will then:
- Advise you how to protect yourself and your home immediately;
- Validate your policy and arrange for one of our authorised contractors

to get in touch with you to make an appointment or to settle your claim on a reimbursement basis;

- We, along with our authorised contractors under our delegated authority, will then manage your claim from that point onwards and keep you updated throughout your claim journey;
- We will organise and pay up to €250 (€500 for roofing) per claim including VAT, call out, labour, parts and materials to carry out an emergency repair;
- In the event of your home becoming uninhabitable and remaining so because of a covered event, we will contribute up to €100 inc VAT in total towards the cost of your (including your pets) accommodation including transport, on a reimbursement basis;
- We would always recommend that you arrange for a permanent repair to be completed by a qualified tradesperson as soon as possible, once we have carried out an emergency repair and contained the Emergency for you, as this may only provide a temporary solution to the problem.

## Section D: AIB 24hr emergency helpline

### Claims under this policy can only be made by

You, your immediate family, lodger or anyone calling on your behalf

If the emergency repair costs more than €250 (€500 for roofing) including VAT

We will: require you to contribute the difference or subject to our prior agreement and on receipt of your engineer's fully itemised and paid invoice, we would pay you up to €250/€500 inc. VAT as a contribution to a repair which you will arrange yourself, taking account of costs already reasonably incurred by our authorised contractor, for the initial visit.

This will be in full and final settlement of your claim.

When we make a repair we will leave your home safe and habitable but we will not be responsible for reinstating it to its original condition, although you may find that this is covered under your buildings insurance.

In some circumstances we may find it difficult to deploy an authorised contractor to attend your home or deal with your emergency within a reasonable timescale. Examples of such circumstances are:

- Excessive demand
- Bad weather
- Industrial action
- Parts availability
- Availability of a specialist.

In these circumstances, you may, with our prior agreement, arrange for your own contractor to resolve your emergency and we will refund the cost of your contractor up to €350

Please provide a fully itemised invoice or receipt from your own contractor to support your claim for reimbursement. If a new boiler or heating system is installed, you will also need to provide the make, model, serial number and Gas Council number.

We will only reimburse the cost of the emergency repair applicable under the policy.

### Other insurance

If you make a claim for any liability, loss or damage that is also covered by any other insurance policy, we will only pay our share of the claim.

### Getting our claims costs back

If we think someone else is at fault for a claim that we pay, we may follow up that claim in the name of anyone claiming cover under this policy to get back the payments that we make.

Anyone making a claim under this policy must give us any help and information that we need.

## Parts availability

Availability of parts is an important factor in providing emergency repairs. If our engineer does not carry the spare parts needed on the day of your appointment, we will do all we reasonably can to find and install parts from our approved suppliers. We may use new parts or parts that have been reconditioned by the manufacturer or approved third parties.

We may not replace parts on a like for like basis but will provide an alternative suitable for containing the emergency. However, there may be times when replacement parts are delayed because of circumstances beyond our control.

In these cases we will not be able to avoid delays in repair; we will keep you informed throughout your claim.

There may also be occasions where parts are no longer available. In these situations we will ensure your home is safe and if required, we will arrange for you to receive a quotation for a suitable replacement item at your cost.
